

IMPARTIALITY

POLICY STATEMENT

Siyandisa understands that performing verifications carries with it a commitment to being impartial and managing conflict of interest in an impartial manner. Siyandisa shall carry out its activities honestly and objectively and exercise the utmost good faith in all our activities.

We shall be seen as being both factually and perceptually impartial in our verification activities. We shall not provide any other service to a measured entity which would comprise our impartiality or give rise to conflict of interest.

We shall take measures to prevent a consultancy body from stating or implying that BEE verification would be simpler, faster or less expensive if Siyandisa is used. Similarly, we shall not state or imply that BEE verification would be simpler, faster or less expensive if a specified consultancy body is used.

Procedures have been implemented to ensure that all personnel act impartially and do not allow commercial, financial or other pressures to compromise their impartiality. These procedures are outlined in the Impartiality Procedure (MP2).
